We've been ..... for a decade now
Still everyday I'm lovin' you more
If I ..... do it all again
I'd probably do it all the ..... as before
I don't wanna ..... what would've happened
If I never had had your love
I didn't become myself before I ..... you
If I never had felt your love
..... about you, I like
We started out so fast
Now we ..... take it slower
Love takes some time
Takes a little time, so take a little time
As it ages like wine
How does it ..... getting better?
..... our love finds a new way to grow
The ..... we spend together
Hmm, simply feels good
We got a good ..... going
And just when I ..... that my heart was full
I found ..... that I never explored
You're so .....
And I can't ..... the last time I was bored
