MARIE CURIE 2

woman	physics	cancer	radio	saved	teacher
Nobel Price	chemistry	free of charge	polonium	world	

It is his surname, Curie which I acquired and I am now world known for. We both sort in nature radioactive substances and discovered two very important ones, the _____ and the _____ which I named in honor of my home country, Poland. Numerous awards were given to both my dear Pierre and myself because of our important discoveries, and I became the first _____ awarded a _____, which is one of the most distinguished prices in the _____. I was also granted two, one in _____ and the other in _____. I also became the first woman _____ at an university... But for me, the most important thing was that my discoveries and all my investigative work helped and are still now continuing to help humanity in their battle against _____. Thanks to my discoveries and studies, many lives were _____. This is my greatest award. It was for this reason that I never wanted to earn money with my work and all my discoveries are accesible _____. for all of the worlds scientist to investigate.

LIVEWORKSHEETS
