Task 2: Read and answer the questions.

Canada Geese are large blue and white birds. When autumn arrives, they have to fly south where the weather is warmer. The winters are so cold in Canada that the birds will die if they stay there.

Last spring, Bill found sixteen young Canada Geese on his farm. They didn't have parents. Bill thought, 'These young birds won't know what to do in the autumn.

Bill had a small plane and he taught the birds to follow him. During the summer, he went on trips in his plane and the young geese flew after him.

When the cold weather arrived in autumn, Bill flew to Virginia in the United States. The geese followed him all the way. Bill left the geese in Virginia and he returned home.

This spring, Bill was waiting for the birds to come back. They didn't arrive, so Bill flew to Virginia to get them. He found them for two weeks but he couldn't find them.

LIVEWORKSHEETS
