

## Track 42

Chen: Now can you show me how to find a book?

Lily: Well, the library's very big, and the books on  could be under cookery, or they could be in history, or even entertainment. So, the first thing to do is to look the book up in the

Chen: Where do I do that?

Lily: It's easy ... there are lots of  in the library for that.

Chen: OK, I see.

Lily: Right, you look up the title first. When you've found the book, you'll see it has a *class mark* next to it.  is one or two letters and a number ... Make a note of  ... then look it up on the plan of the library. The plan shows you exactly what  of the library the books are actually kept in.
