

Hi, I'm Alia. This unit is all about the thing I'm very interested in. Yes, you've guessed it ... it's all about 1. [redacted]. You can 2. [redacted] it on things you like, you can 3. [redacted] it in the bank and you can 4. [redacted] other people with it. People say you're 5. [redacted] if you have lots of it, and they say you're 6. [redacted] if you have none of it. Some people say they're happy with it, while others say that they're much 7. [redacted] without it. Whatever you think about it, one thing is for sure – money is an 8. [redacted] part of our lives. That's why in this unit we're going to look at many topics about money. What do you think about money?
