Hi, I am Tommy. I want to talk my family's routines in a week. We get up at 7 o'clock on the weekdays. And these days, my mother prepares the breakfast. But, at the weekend, we get up at 10 or 11 o'clock and we don't have breakfast because we go on a picnic and my father prepares a big lunch for us. But we have dinner together at our home everyday

I am a student and my brother works in an office. I go to school 5 day-a week. On Mondays and Tuesdays, I walk to school and on the other days, my father takes me to the school. And my brother goes to his office 4 day-a week and on the other days he works from our home.

My mother is a housewife but she goes to a charity to help people on Tuesdays, Wednesdays and Fridays. My father is a teacher. He works hard and so he comes home late but only he comes earlier on Fridays.
