Circus School

My name is Luke. I go to a special school in the summer vacation. I am learning how to be a circus performer. Look, here I'm a clown.

This is my teacher. He is juggling. It's hard to do. It takes a lot of practice!

Here I am trying to balance. I am practicing to walk on a tightrope. I do this for two hours each day!

This is my favorite activity. I am hanging on the rings. It is a lot of work, but it is also a lot of fun!
