Fire and Rain

Just yesterday	morning mey let me know you were
Susanne the p	plans they put an end to you
[this morning and I wrote down this song
I just can't	who to send it to
But I alway	ys thought that I'd see you again
I've seen lo	onely times when I could not find a friend
I've seen s	unny days that I thought would never end
I've seen f	re and I've seen rain

Won't you look <u>up/down</u> upon me, jesus
You've got to help <u>me/him</u> make a stand
You've just got to see me through <u>another/other</u> day
My body's aching and my time is at <u>head/hand</u>
And I won't make it any other/another way
