HOMEWORK #2

THE IMPORTANCE OF PUNCTUATION

A. It is important to be sure that you use good punctuation so that your writing can be better understood. Look at this letter from Paul to his friend Jimmy. Rewrite the paragraph and fix the punctuation and capital letters.

dear Jimmy

Thank you for your ideas. My teacher
really appreciates your personal opinion
about slavery. like you she thinks that the
statistics presented by the international labor
organization are a big alert for countries such
as Ecuador: 170 million children are doing
work which is unacceptable for their age.

Regards

paul

Tip

When writing it is
essential to pay close
attention to punctuation.

Capital letters are used
at the beginning
of sentences,
for someone's name,
and the pronoun *I*.
They are also used for
names of places, days
of the week, and months.

Commas are used between
two halves of a sentence
before the words: *but, so,*
and, for, nor, yet. You can
also use commas between
items in lists as well
as at the beginning
and end of letters.

How to Boil an Egg

You can cook a perfectly boiled egg for breakfast if you follow these six easy steps. First, get a pot big enough to hold one egg. Then fill the pot 4/5 full with water and put in the egg. Next, turn the heat to high until the pot of water is boiling. Boil the egg in the water for three minutes. Take the egg out of the pot and put it in an egg cup. Now the egg is ready to eat. Enjoy it!
