## Classification of Tourism and Tourists

### Activity 1.3

**Instructions:** Using the concepts below complete the following passage and answer the questions that follow.

It all started when my father won the employee of the year award three years in a row. The first year he won four airline tickets to a destination of his choice. Since he didn't have much spending money he decided that during March we would spend the week at my grandmother's \_\_\_\_\_ in West Palm Beach, Florida for \_\_\_\_\_. Since we had a place to stay, we didn't have to get a \_\_\_\_\_ to help us with finding a hotel or anything like that. The second year he won a gift certificate to an adventure park of his choice. I wasn't very excited because the \_\_\_\_\_ flights were usually very dull and boring.

The third year is the most memorable as my father won airline tickets to a destination of his choice and they decided that they were going to visit Port of Spain, Trinidad for carnival. This was a very exciting vacation for me as this was my first time travelling \_\_\_\_\_. We met a local \_\_\_\_\_ that acted as our personal \_\_\_\_\_. It was fun as we were not limited to the \_\_\_\_\_. We visited many historical sites one of which had a beautiful plantation.

With my new promotion my job takes me to many exotic places but while technically it is \_\_\_\_\_ I try to take my family along with me which makes it more of a \_\_\_\_\_. I will do a little business and then spend time with my family. My wife and I love to camp and hike so we enjoy the whole \_\_\_\_\_ scene. Our next trip is to the Great Huts \_\_\_\_\_ in Portland Jamaica as we heard that they not only have beautiful beaches but also many \_\_\_\_\_ for nature lovers.
