Instructions: Read each sentence carefully. Type your addition number sentence to find the sum.

1. Ryan has 10 lollipops and Jason has 4. How many lollipops do they have in all?

$$\boxed{} + \boxed{} = \boxed{}$$

2. Genesis found 8 sugar plums. Shavante found 3. How many sugar plums did they find altogether?

$$\boxed{} + \boxed{} = \boxed{}$$

3. Shacardia has 9 candy canes and Abiana has 5. What is the total number of candy canes found?

$$\boxed{} + \boxed{} = \boxed{}$$

4. There are 7 gum drops and 6 candy corns in a jar. How much candy is there in all?

$$\boxed{} + \boxed{} = \boxed{}$$
