Ed and Pauline Smith have invited six people to their home for Thanksgiving dinner. Figure out where each guest will sit and what they will eat. Each guest will have only one item from the food list. The first one is done for you.

1 Ed is at the head of the table, and he doesn't like corn.

2 The person who likes ham sits to Ed's right at the table.

3 Julia and Tom are brother and sister; Jack and Leila are also brother and sister. Each brother and sister pair sits side-by-side on the same side of the table.

4 Tom is a meat lover, and he can't wait for the turkey.

5 Ben's wife, Emma, sits to his left at the table.

6 Ed's wife loves stuffing.

7 Leila sits to Ben's right and across from the person who loves green beans. Leila loves cranberry sauce.

8 Two men, one of whom loves pumpkin pie and the other corn, sit across the table from each other.

9 No man sits beside another man and no woman sits besides another woman.
