My Title: The Best Animal in the World

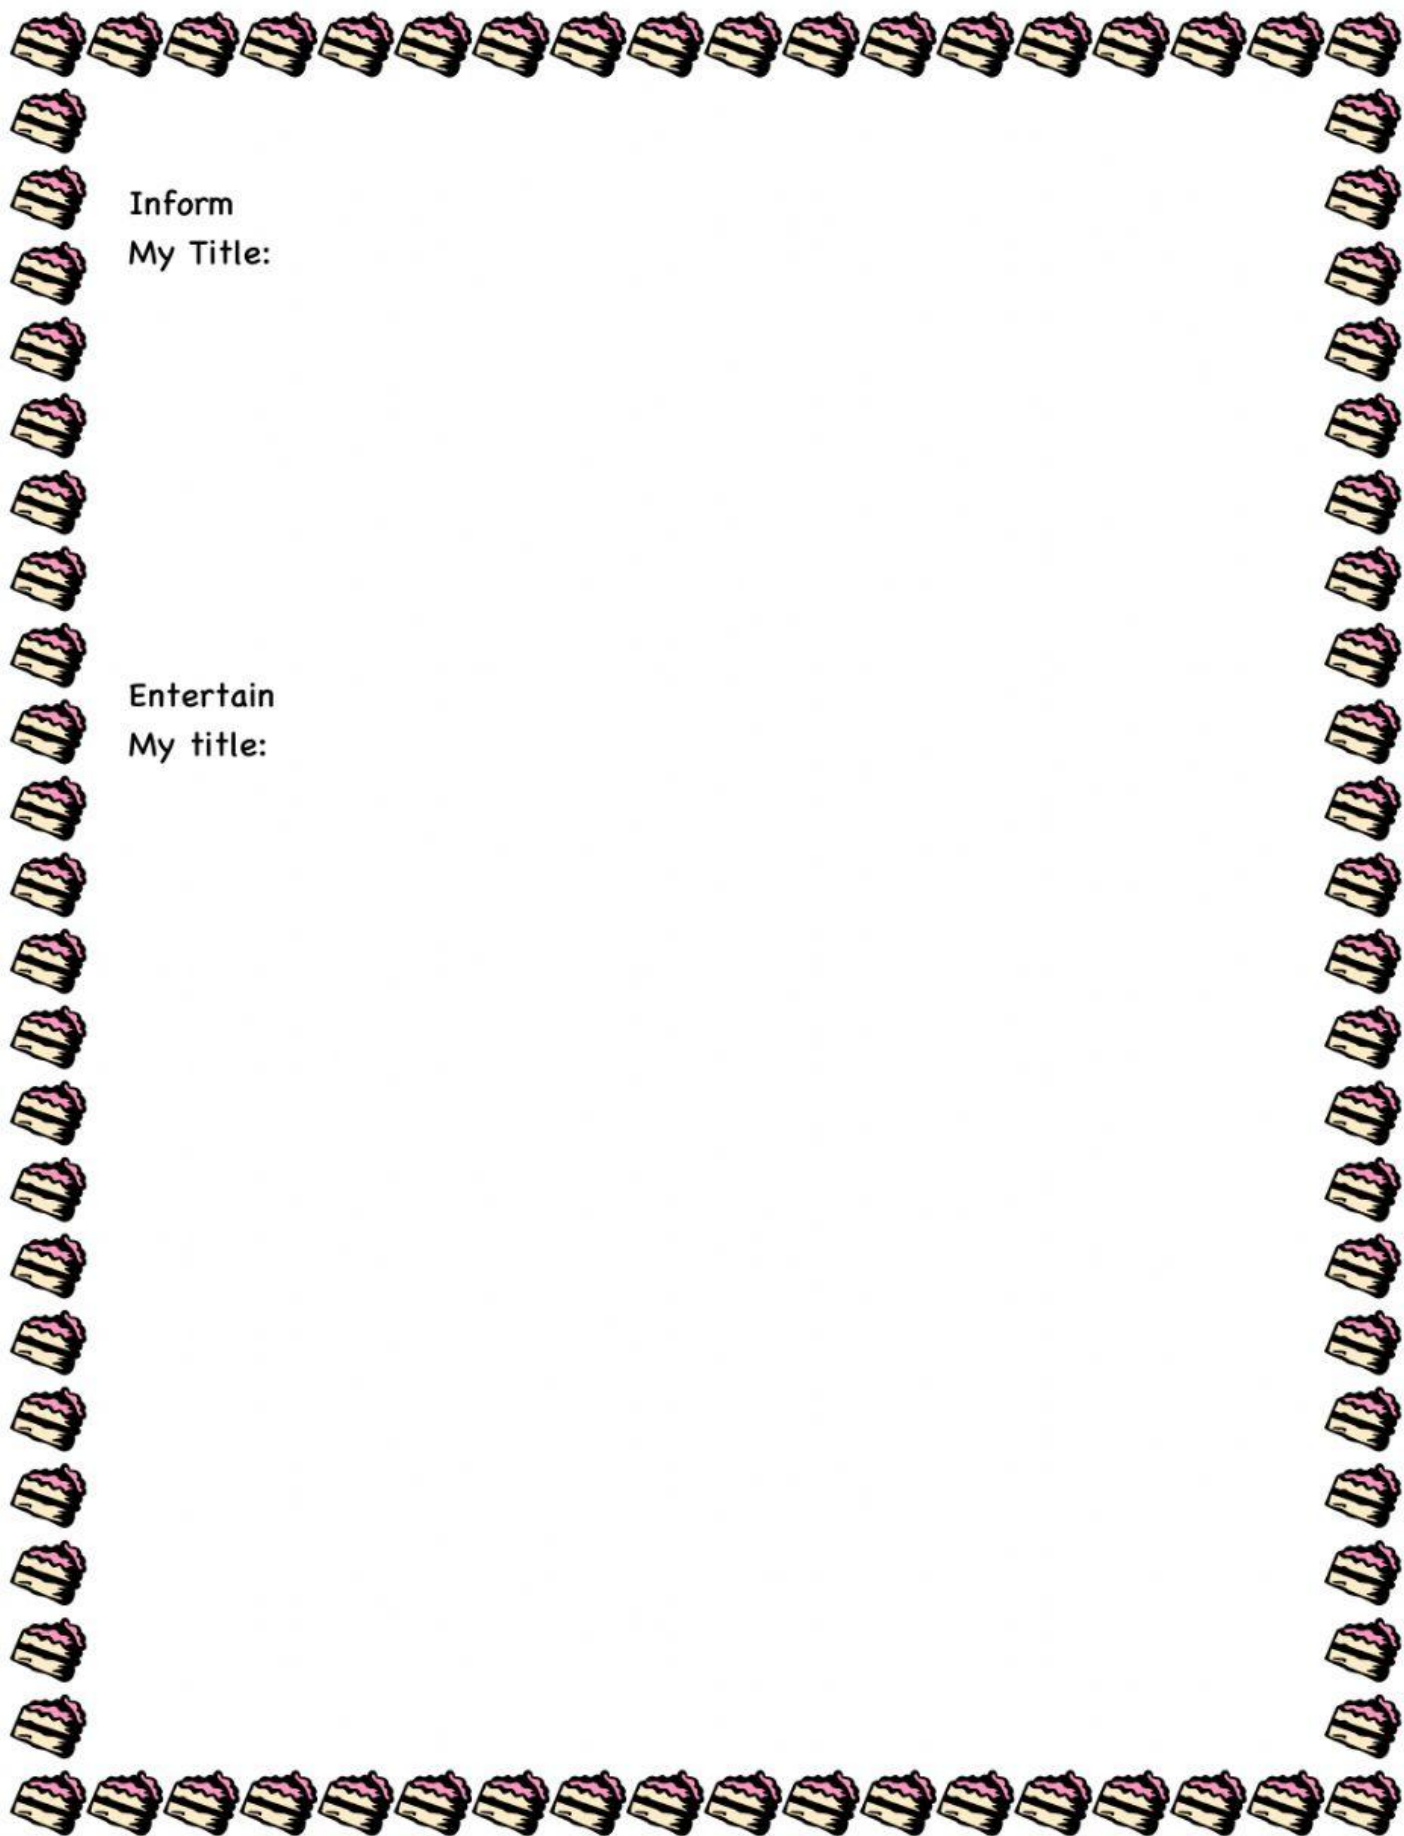

Dogs are the best animals in the entire universe! There are three reasons why I feel this way. Firstly, dogs are extremely friendly and obedient. When they are given a command, they wag their tails and submit to their owner with ease. Secondly, dogs are affordable compared to other animals. Lastly, dogs are amazing to look at because they are adorable! These are my reasons why I believe that dogs are the best animals ever!

## Your turn!
