In the future, more people will live in ① (**high rise / villa / house**) apartment buildings. Apartments will have all of the things you ② (**never / usually / is**) have in a normal home. They will have bedrooms, living rooms, kitchens, and bathrooms, but they won't ③ (**has / have / had**) their own gardens. There will be gardens ④ (**on / under / down**) the roof of every apartment building. Everything you need will be in your apartment building. There will be shops, gyms and even cinemas. People ⑤ (**have / be / won't**) need to go outside.
