

## TAREA N°2 - LIVEWORKSHEETS

1. Escribe correctamente el nombre de cada figura geométrica.

|                                                                                                            |                                                                                                             |                                                                                                              |
|------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------|
| <br><input type="text"/>  | <br><input type="text"/>  | <br><input type="text"/>  |
| <br><input type="text"/> | <br><input type="text"/> | <br><input type="text"/> |

2. Relaciona cada imagen con su respectivo nombre en inglés.

|           |
|-----------|
| Cheese    |
| Eggs      |
| Chicken   |
| Ice cream |
| Pizza     |
| Fish      |

3. Lee y arrastra cada continente con su respectivo nombre.

|                                                                                                             |                                        |
|-------------------------------------------------------------------------------------------------------------|----------------------------------------|
| <br><input type="text"/>   |                                        |
| <br><input type="text"/>   | <input type="button" value="AMÉRICA"/> |
| <br><input type="text"/>  | <input type="button" value="EUROPA"/>  |
| <br><input type="text"/> | <input type="button" value="ASIA"/>    |
| <br><input type="text"/> | <input type="button" value="OCEANÍA"/> |
|                                                                                                             | <input type="button" value="ÁFRICA"/>  |
