Read the following passage and mark A, B, C, or D to indicate the correct word or phrase that best fits each of the numbered blanks from 26 to 30.

Global Warming and You

How is global warming affecting you? Many people in the world would not know how to answer this question as they do not see any sort of change in climate. The people (26) do not notice it tend to live in cities where the climates are already controlled; in essence, they mostly live indoors. If it is raining, they stay inside. If it is too cold or too hot, they turn on the heat or their air conditioning (27).

For farmers and others who live closer to the land; (28), global warming is not something they are separated from. Although they cannot prove on any given day that the weather, extreme or mild, has anything to do with climate change, they can say over time that things are beginning to seem different. They notice that flowers and (29) plants are blooming earlier in northern regions of the world's continents. This (30) them to change planting times for crops in some cases. Meanwhile, farmers are facing more floods and droughts in our country and elsewhere.
