

## READING COMPREHENSION

### Read and answer

These are Polly and her brother Jack. They love going to the sports centre. But they do different things there. Polly likes swimming and playing volleyball. Jack doesn't like playing volleyball but he likes playing football, running and swimming.

On Mondays and Fridays they go swimming. Jack says he loves it. On Tuesdays Polly plays volleyball and Jack plays football. On Saturdays, Jack goes running at 9,30. He goes alone because Polly doesn't like it. She prefers staying at home. She sometimes plays computer games and sometimes watches TV.

Next Friday, they are going to take part in a swimming competition so they are both very anxious about it. They are training hard.

1. Does Jack play volleyball?

---

2. How often does Polly play computer games on Saturday?

---

3. Polly only likes doing sports.

TRUE

FALSE

4. Jack goes running at quarter past nine on Saturdays.

TRUE

FALSE

5. Next Friday they are going to stay at home.
