### Personal reflection time

Discuss the following statement. Do you agree or disagree? Why?

Sometimes, a person who was important in our lives starts to have a negative effect on us. Maybe they start being mean, or they start doing things we disagree with. The fact that they were important to us before doesn't mean we have to stick around if we don't want to. Your own mental health and peace of mind is more important than other people, so if you need to say goodbye to someone, you shouldn't feel bad about it.
