Listening: Reviews

You are going to hear four people talking about their attitude to film reviews in particular and reviews in general. As you listen, match each speaker to the right statement below. Each speaker can match more than one statement.

Which speaker ...

a) does not really trust ordinary people's judgements on films

b) is not interested in other people's opinions of films, professionals or not

c) likes to get an expert's opinion on films

d) likes to read reviews beforehand

e) may occasionally have a look at film reviews, though rarely

f) will often turn to reviews to contrast their own interpretation of a film

g) wonders how some people can make such a big deal about films

Whose views do you agree most with?
