MASTERSKILLS

Read and fill in the blank with the suitable feeling

glad - sad- happy- angry- upset – scared

I have volunteered in a Conservation Centre. I am responsible for taking care of a new baby leopard. Her name is Sandy. I was really ………………….because it was a wild animal but after I heard that the hunters killed her mother, I was really…………………

At first, I felt very ……………… because I didn't know how to take care of a wild animal . I asked my parents about what I must do and what I mustn't do and they helped me a lot. Now I feel really…………………….. because I know how to take care of a wild animal and even my friends ask me for advice.

I had to train Sandy well to set her free in the forest. It was important to help Sandy depend on herself. She is gone now. I have mixed feelings; I feel ………………….. because I helped her , and I feel ………………….. because I will not see her again.
