Listen to this song of the film and complete it.

All of my life
I thought I was right
Looking for _____ new
Stuck in my way
Like old-fashioned _____
But all the roads led me to you

The house that you live in don't _____ it a home
But feeling lonely don't mean you're alone
People in life, they will come and they'll _____
But if I had a choice I know where I would be

Through the lows and the highs, I will stay ___ your side
There's no need for _____,
now I'm seeing the light
When the _____ turns to grey and there's nothing to say
At the end of the day, I choose you

Now I found the strength
To make a _____
And look at the magic I found
No matter the _____
Or where you came from
'Cause no one has much figured out

The _____ that you live in don't make it a home
But feeling lonely don't mean you're alone
People in life, they will come and they'll leave
But if I had a _____ I know where I would be

Through the lows and the highs, I will stay by your _____
There's no _____ for goodbyes, now I'm seeing the light
When the sky turns to grey and there's _____ to say

At the end of the day, I choose you
Oh, I choose you
I choose you
