

## Gulliver's Travels

My name is Gulliver and when I was a young man, I went travelling. I joined a ship and sailed to the islands of the South Pacific. It was a brilliant voyage at first. We sailed across the Atlantic Ocean and the Indian Ocean. But one day there was a terrible storm and I fell into the water. Finally, I swam to an island. I walked on the beach and looked around me. There were no people and no houses. I was very tired, so I fell asleep on the sand.

When I woke up in the morning, I couldn't move. I was lying on my back and my arms and my legs were tied to the ground. I was very hot in the sun and I was frightened.

Suddenly I saw a very small man. He was about 15cm tall and he was walking on my leg! Then I saw lots of small men on my arms and my legs. I shouted and, in surprise, the men fell off my body. Then I spoke to them in English. They didn't understand my language, but they saw that I was friendly.

I pointed at my mouth to show I was hungry and they brought me some food. Their food was normal, but it was very, very small. I ate lots of tiny loaves of bread and lots of tiny pieces of cheese and a lot of meat. I finished my meal and then hundreds of men and thousands of horses carried me to their city. It was a very long journey.

When I arrived at the city, I looked around me. The houses were smaller than my feet and I was bigger than the trees. The king and the people were kind to me, so I stayed on the island. I learnt that I was in Lilliput and I learnt their language. I played with their children and I gave them presents such as my watch and some coins. These things were enormous for them.

As a result, I left the city and travelled again.
