

Q.1 Fill in the blanks using correct option-(drag the correct option and drop)

Multiplication, division, addition, subtraction, zero, 1, 100

- (i) Division is repeated .....
- (ii) Repeated addition is also called .....
- (iii)  $9 \times 0 = \dots\dots\dots$
- (iv)  $12 \div 12 = \dots\dots\dots$
- (v)  $12 \times \dots\dots\dots = 1200$

Q.2 Solve the following-

- (i)  $9 \times 12 = \dots\dots\dots$
- (ii)  $336 \div 6 = \dots\dots\dots$
- (iii)  $1650 \div 15 = \dots\dots\dots$
- (iv)  $23 \times 25 = \dots\dots\dots$
- (v)  $46 \times 37 = \dots\dots\dots$
