| d) 48    | metres tall                      |
| e) 1,700 | floors                           |

**Your office is going to receive some English-speaking visitors. You are going to take them to a famous or unusual building in your town/city. Think about and prepare notes on ...**

- why the building is important (age, purpose, etc.)
- where the building is located
- what is inside the building (facilities, offices, etc.)
- why it is interesting to visitors
- how to get to the building
