

# REPASO **MATEMÁTICAS** MES DE DICIEMBRE

## 1. Dictado de números.

|                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                    |                                                                                     |                                                                                     |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|  |  |  |  |  |  |  |  |
| <input type="text"/>                                                              | <input type="text"/>                                                              | <input type="text"/>                                                              | <input type="text"/>                                                              | <input type="text"/>                                                              | <input type="text"/>                                                               | <input type="text"/>                                                                | <input type="text"/>                                                                |

## 2. Escriben como se leen los siguientes números.

|     |                                              |
|-----|----------------------------------------------|
| 225 | <div><div></div><div></div><div></div></div> |
| 345 | <div><div></div><div></div><div></div></div> |
| 535 | <div><div></div><div></div><div></div></div> |
| 215 | <div><div></div><div></div><div></div></div> |
| 105 | <div><div></div><div></div><div></div></div> |
| 355 | <div><div></div><div></div><div></div></div> |

- Ordena los números anteriores de mayor a menor.

|                      |                      |                      |                      |                      |                      |                      |                      |                      |                      |                      |
|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|
| <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|

## 3. Escribe el número anterior y posterior.

|                      |   |     |   |                      |                      |   |     |   |                      |
|----------------------|---|-----|---|----------------------|----------------------|---|-----|---|----------------------|
| <input type="text"/> | ← | 239 | → | <input type="text"/> | <input type="text"/> | ← | 170 | → | <input type="text"/> |
| <input type="text"/> | ← | 399 | → | <input type="text"/> | <input type="text"/> | ← | 280 | → | <input type="text"/> |
| <input type="text"/> | ← | 409 | → | <input type="text"/> | <input type="text"/> | ← | 310 | → | <input type="text"/> |

4. Completa las siguientes series pensando el número que tienes que sumar o restar para seguir.

|     |     |  |  |  |  |  |  |  |  |
|-----|-----|--|--|--|--|--|--|--|--|
| 203 | 205 |  |  |  |  |  |  |  |  |
| 410 | 413 |  |  |  |  |  |  |  |  |
| 597 | 596 |  |  |  |  |  |  |  |  |

5. Calcula.

$$\begin{array}{l}
 37 + 21 = \boxed{\phantom{00}} \\
 52 + 46 = \boxed{\phantom{00}} \\
 73 + 15 = \boxed{\phantom{00}} \\
 55 - 32 = \boxed{\phantom{00}} \\
 68 - 43 = \boxed{\phantom{00}} \\
 76 - 55 = \boxed{\phantom{00}}
 \end{array}$$

$$39 + 53 + 8$$

|       |  |  |
|-------|--|--|
|       |  |  |
|       |  |  |
|       |  |  |
| +     |  |  |
| <hr/> |  |  |
|       |  |  |

$$93 - 58$$

|       |  |
|-------|--|
|       |  |
|       |  |
|       |  |
| -     |  |
| <hr/> |  |
|       |  |

$$81 - 56$$

|       |  |
|-------|--|
|       |  |
|       |  |
|       |  |
| -     |  |
| <hr/> |  |
|       |  |

6. Fíjate en la descomposición y coloca los bombones donde corresponda.

246

421

562

383

521

426

4C+2D+6U

5C+1D+2U

5C+2D+1U

3C+3D+8U

3C+8D+3U

5C+6D+2U

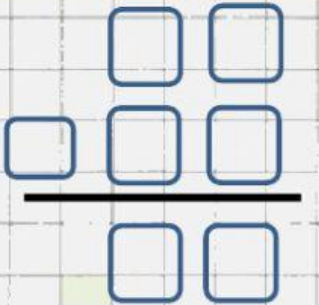

2C+4D+6U

4C+2D+1U

7. Daniela y Eva juegan con sus cromos. Daniela tiene 39 cromos y Eva tiene 17 cromos más. ¿Cuántos cromos tiene Eva?

|                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p><b>Datos:</b></p> <p>Daniela tiene <input style="width: 50px;" type="text"/> cromos.</p> <p>Eva tiene <input style="width: 50px;" type="text"/> más que Daniela.</p>                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <p><b>Hay que:</b></p> <div style="display: flex; justify-content: space-between; margin-top: 10px;"> <div><input type="checkbox"/> Juntar</div> <div><input type="checkbox"/> Sumar</div> </div> <div style="display: flex; justify-content: space-between; margin-top: 10px;"> <div><input type="checkbox"/> Separar</div> <div><input type="checkbox"/> Restar</div> </div> | <div style="border: 1px solid black; width: 150px; height: 150px; margin: 0 auto; position: relative;"> <div style="position: absolute; top: 10px; right: 10px; width: 40px; height: 40px; border: 1px solid black;"></div> <div style="position: absolute; top: 10px; left: 10px; width: 40px; height: 40px; border: 1px solid black;"></div> <div style="position: absolute; top: 50px; right: 10px; width: 40px; height: 40px; border: 1px solid black;"></div> <div style="position: absolute; top: 50px; left: 10px; width: 40px; height: 40px; border: 1px solid black;"></div> <div style="position: absolute; top: 90px; right: 10px; width: 40px; height: 40px; border: 1px solid black;"></div> <div style="position: absolute; top: 90px; left: 10px; width: 40px; height: 40px; border: 1px solid black;"></div> </div> |
