

# MULTIPLICAR Y DIVIDIR POR 10, 100 Y 1000

*Recuerda que para realizar las siguientes operaciones  
no es necesario que las coloques en vertical*

1. Realiza las siguientes multiplicaciones.

$82 \times 100 = \dots\dots\dots$

$52 \times 1000 = \dots\dots\dots$

$743 \times 1000 = \dots\dots\dots$

$840 \times 100 = \dots\dots\dots$

$601 \times 10 = \dots\dots\dots$

$5039 \times 10 = \dots\dots\dots$

$1330 \times 1000 = \dots\dots\dots$

$214 \times 1000 = \dots\dots\dots$

$2541 \times 10 = \dots\dots\dots$

$7103 \times 100 = \dots\dots\dots$

2. Realiza las siguientes divisiones.

$400 : 10 = \dots\dots\dots$

$70600 : 100 = \dots\dots\dots$

$2600 : 100 = \dots\dots\dots$

$3000 : 1000 = \dots\dots\dots$

$270 : 10 = \dots\dots\dots$

$4200 : 10 = \dots\dots\dots$

$21000 : 1000 = \dots\dots\dots$

$80000 : 1000 = \dots\dots\dots$

$54000 : 10 = \dots\dots\dots$

$9000 : 100 = \dots\dots\dots$
