Rules of the Game is the story about a Chinese girl living in San Francisco's Chinatown. Waverly Jong describes all the _____where children used to play, the market and the shops _____with interesting things. The girl's mother teaches her the art of _____which is a strategy for winning arguments and defeating opponents. The mother is rather strict and can _____when Waverly does something that she is _____to do. The girl's mom does not speak English well, so when Waverly asks her about "_____" the woman apparently does not know the meaning of the word.

One of Waverly's brother's gets the chess set as a Christmas gift. The set was used: there are two pieces missing in it and the _____ instruction book looks old. The mother behaves _____when she thanks the unknown benefactor for the present.

First, the brothers do not let her play, so her face shows _____disappointment. Later, she suggests her Life Savers as a _____for the missing pieces so they accept her to the game. Waverly studies all the rules _____, learns the features and the behavior of all _____.

She acquires the rules of the behavior towards her_____. The girl learns to respect the _____and not to _____"Check" with vanity. She also learns that she should never _____ a chess piece off the board when she loses the game.
