Our Computer Room

At our school we have a big computer room. We have 12 computers in the room, one for every student. The computers have headphones, so the students can listen and speak.

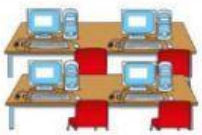

In the computer room, the students can study English, music, and math. They do art here, too; they can draw and color pictures with the computer. The computers also help the students to read and write.

The children come to the computer room every Tuesday and Thursday. Everyone likes these lessons.

1. We have a small computer room. True/False
