Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the questions.

Many studies have shown that children who enjoy music performance better in school. This doesn't mean that you have to take a college class in music in order to help your child appreciate music, but to spend some time talking about and listening to a wide variety of music with your child.

If you start when your baby comes home from the hospital, you should spend some quiet time with your child listening to, enjoying music and singing along with the radio because it is important that your child hears your voice and the music.

Play soothing quiet music at nap time and bedtime. **This** will help show your child how music can **soothe** and be a comfort. When your child can sit in your lap, clap your hands in time to the music, bounce your knee gently in time to the music and dance with your child. All of these activities will help your child develop a sense of rhythm. When your child starts to try and sing along encourage them with praise and don't worry if they don't have all the words right. Have some fun and make up your own words to different songs.

Music gives us a wonderful opportunity to celebrate our unique cultures. Listen to music from other countries occasionally. Help your child to find the similarities, and above all, celebrate with music.

Question 28: What is the main idea of the passage?

A. Adults should learn music.
B. Music should be taught at schools.
