Structure of Earth_Grade 7

Label the layers in the structure of the Earth.

mantle	inner core	crust	outer core

Draw a line to match each layer of the Earth to its description.

continental crust •	• Solid ball as hot as the surface of the Sun
oceanic crust •	• Made of liquid iron and nickel
mantle •	• The part of the Earth we live on
outer core •	• Where volcanic lava comes from
inner core •	• Layer directly under the oceans

LIVEWORKSHEETS

Structure of Earth_Grade 7

Answer the questions.

Which layer do we live on? _____

Which layer generates Earth's magnetic field? _____

Which layer is the hottest? _____

On which layer does the crust float? _____
