EVENING SCHOOL

During the day West College is a normal school. Students arrive at 8.30 in the morning. They're between ten and sixteen years old, and they study the usual subjects, such as maths, English and geography. At 4.30 in the afternoon the school day finishes, and the students go home.

But the school doesn't close. In the evening it becomes busy again. More students start to arrive, and at 7.00 p.m. lessons start again. But these lessons are different – the students are adults! They come to evening classes because they want to learn about things that interest them. For example, there are lessons in art, languages and cooking.

All the students are over thirty, and many of them are at work during the day. The oldest student is Eva. She's seventy-eight! She comes to West College twice a week to study music. 'I've got a lot of free time,' she says, 'and I love music. I'm not studying for an exam. I'm studying for fun!'
