Hi there, I'm Emma. I'm 14 years old. I am a student at San Ceferino school. I think it is an interesting school because it is not a regular school. It is in Chiclayo, Perú.

The school is not modern, it is an old, big school. There is a big classroom with a computer for each student. In my school we have English, Math and Science classes everyday, but we only have Art and Music classes on Friday. We also have computer classes on Tuesday and Thursday. classes are fun but my favorite subject is Science.

Another interesting thing about my school is that there is a pet animal in the school. It is a dog, we called it "Antonio". All my I like my school and Antonio.
