

Educación Musical

TEMA: Contaminación sónica o sonora

El o la estudiante deberá escuchar los audios de distintos tipos de RUIDO o contaminación sónica que se encuentran en la parte derecha. En la parte izquierda encontrará las posibles soluciones a esos ruidos. Arrastre y suelte las imágenes para silenciar el ruido correspondiente.

The activity consists of a central vertical blue bar. To the left of the bar are 12 square boxes containing various images related to sound and noise. To the right of the bar are six rectangular boxes, each containing a plus sign (+) and a small empty box below it, representing audio clips. A mouse cursor is shown at the top, hovering over a dashed box containing a plus sign, indicating a drag-and-drop action.

Images on the left (from top to bottom, left to right):

- Police officer with hands raised
- Headphones
- Cartoon character shouting with symbols (*@&#!)
- Cartoon character with sound waves
- Speaker icon with sound waves
- Hammer hitting a television set
- Hand using a remote control
- Person with a hand to their ear
- Baby bottle and pacifier

Audio clip boxes on the right:

- Top row: Three boxes, each with a plus sign and a small empty box below it.
- Bottom row: Three boxes, each with a plus sign and a small empty box below it.
