My Last Holiday

Last summer holiday, I went to a summer camp for 1 week. The camp was in the mountains, and we went there by a bus. Every morning, I woke up early at 5.30 a.m. and enjoyed fresh air. After we made our bed, we did morning exercise. After that, we ate breakfast at 6.30 a.m. Every day, we tried different activities: we went hiking and played different sports. I loved swimming a lot. During the camp, I met many students, and we became good friends. When we came back home, we started writing to each other. I sent emails to all my friends. I loved my last holiday a lot because it was very exciting!
