Watch the video,then complete the activity below.

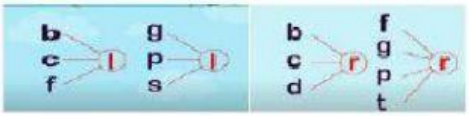

Blends are when two letters are added together to form a sound at the beginning or at end of the words.

In the examples you will see we use d+r=dr and c+r =cr.

d + r = dr drop 

c + r = cr crow 

These are called "beginning consonant blends."

LIVEWORKSHEETS

There are many other blends that we can use.In this lesson we are only looking at two "L and R."

From the letters above there is added L in group 1 and R in group 2 to each letter. With each letter blend match with the part of the words from the word bank with the beginning sound.
