Read the email and answer the questions.

Dear Alex,

I have a new job as a zookeeper in a Conservation Centre. I am responsible for taking care of a new baby bear. Her name is Randy. The hunters killed her mother. I was sad to hear that.

Nowadays I am learning many things. What I should do and what I shouldn't do. If you want to be a zookeeper, you should learn things to take care of animals. You should keep them warm and make sure they never feel uncomfortable. You should feed them three times a day with healthy food like milk. You should teach them how to find food and build nests because you need to prepare them to be wild animals.

I have to train Randy well to set her free after five years. It is important to help Randy to let her depend on herself. I am proud to help her.

Best wishes

Jack
