3. Read and answer.

Today is my birthday. My friends at school give me some cards. After school, we go to the adventure park to have a birthday party. It's right behind the movie theater. We run, jump and climb there. It's really fun!

My mother buys a lot of cupcake for the party. There are some milkshakes and burgers, too. There aren't any balloons. I have a big chocolate cake but there aren't any candles.
