Science Worksheet (Materials)

Name: _____ Number: _____

Part A: Directions: What are these object made of. Number the objects.

- 1** wood **2** metal **3** glass **4** plastic **5** rubber
6 fabric

1.

2.

3.

4.

5.

6.

7.

8.

9.

10.

11.

12.

Part B: Directions: Determine if the objects in the table below can **float on water** or **sink in water**.

	Objects	(Float on water / sink in water)	
13.	Plastic bottle 	Float on water	Sink in water
14.	Nail 	Float on water	Sink in water
15.	Swimming float 	Float on water	Sink in water
16.	glass 	Float on water	Sink in water
17.	Rubber duck 	Float on water	Sink in water
18.	Ice cream stick 	Float on water	Sink in water

Part C. Determine if the objects in the table below is **transparent** or **opaque**.

	Objects	(transparent / opaque)	
19.	Clear plastic bag 	transparent	opaque
20.	book 	transparent	opaque
21.	Glass cup 	transparent	opaque
22.	Windscreen 	transparent	opaque
23.	Wooden table 	transparent	opaque
