#### V. Read the vegetable facts. Choose True or False.

- Watermelons are actually vegetables, related to pumpkins, cucumbers and squash.
- Bell peppers are a great source of vitamin C. They contain twice as much (by weight) as citrus fruits!
- Peppers and chillies are members of the Capsicum family.
- Cucumbers have the highest water content of any vegetable.
- Onions and potatoes all have the same taste. The difference in flavor is caused by their smell. Pinch your nose and try it – they will both taste sweet.
- Broccoli and cauliflower are the only vegetables that are also flowers!
- Broccoli has more vitamin C than an orange and as much calcium as a glass of milk.
- Onions make you cry as they are full of sulfur.
