

Read part of the information sheet from Martin's introduction to UBCS. Then complete the fact sheet

UBCS International is a leading international bank. We provide an excellent range of products and services, including current accounts, savings accounts, mortgages, insurance, loans, foreign exchange services and investment advice. We have 2,000 employees in our head office in Frankfurt and 38,000 in our 320 branches in Europe, the Middle East and Asia. We give our trainees experience in all our departments:

- Our cashiers serve the bank's customers. They help customers make deposits and withdrawals, check balances, answer questions and help customers with their everyday banking needs.
- At our foreign exchange counter, the cashiers sell foreign currency to customers who want to go abroad.
- Our mortgage advisers arrange mortgages for customers who want to buy property. They also set up insurance policies.
- Our financial advisers give customers information about stocks and shares, bonds and other types of investments.
