MOCK FINAL EXAM - Adolescents 1

A) READING – Read the text.

Gordon, from Manchester, is writing an email to his new friend, Mei, from Tokyo, Japan.

Hi! I'm Gordon and I'm from Manchester, a city in the UK. Manchester is a big city with a population of about 500,000 people. There is a river in Manchester, the Mersey River and the weather is usually nice; mild in summer and not extremely cold in winter. There are two universities, a lot of museums, expensive shops, cafes and big restaurants and even a castle near the city, but what makes Manchester popular all over the world is football. There are two big football teams here: *Manchester United* and *Manchester City*. I'm a *Manchester City* fan. I love football. Are you into football?

© Manchester City

In my free time I love playing football but I'm not very good at it, and I sometimes play tennis, too. I want to play well, but I'm lazy. I'm not keen on reading but I do well at school.

I'm at Priory School in Manchester. It's a small school – there are only two hundred students here. It's a school for boys and girls. There are twenty teachers and a lot of different rooms. They are all very nice and friendly.

I'm interested in sports and there is a big gymnasium for our PE classes but there isn't a swimming-pool here at school – we go to the city centre for swimming classes. I love Science and ICT too, but there aren't any modern computers in our ICT room. They're very old!

What about you? Write back soon and tell me about your town and your school
