**Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct word or phrase that best fits each of the numbered blanks**

In many cultures, (28)\_\_\_\_\_ housework is considered a woman's duty. The mother is usually the homemaker, who has to do most of the household chores, while the father is the (29)\_\_\_\_\_, who is responsible for the family finances. (30-)\_\_\_\_\_, it is not good for the mother when the rest of the family does not help out. When families share household chores, it is good for them as individuals and good for all the relationships within the family.

According to psychologists, most people do not realize the enormous benefits that come to a family when husbands and children share the housework. Children who share the housework with their mums and dads do better at school, become more sociable, and have better relationships with their teachers and friends. They learn good skills, are more

(31)\_\_\_\_\_, and tend to be overall good people. When men share the housework, they tend to have better relationships with their wives. Women often feel happy when they see their husbands doing housework because It says, ‘He cares about me and he doesn’t want to put all (32)\_\_\_\_\_ the housework on me.’ Women whose husbands do not contribute to the household chores are more vulnerable to illness and tend to think more about divorce.
