Part 3. Read. Choose the correct answer. Circle a, b or c.

Ana and her 14-year-old daughter Mary live in Quito, Ecuador. Every morning, Ana goes to the community garden. Mary often goes with her. Ten families work together in the garden. First, they plant seeds and water the plants. They pull out weeds and pick the vegetables when they're ready. It's hard work, but they grow lots of food! They eat a lot of the vegetables and they sell some at the market too.

Ana enjoys this garden. The children love working outside and watching the vegetables grow. They are also eating more healthy now. "I didn't like vegetables before", Mary says, "but now I like to eat lots of corn and potatoes. They're delicious".

1. Ana lives in _____.
a. Canada b. Ecuador c. the garden
2. How often does Ana help?
a. every day b. every week c. every month
