Subject: New job, new apartment!

Hi Emily,

How are things? I'm very happy here in my new job in Chicago. My new apartment is very close to my office, so I walk or ride my bike to work.

I love my apartment! It has one bedroom with two closets and a small living room with lots of windows all around. The kitchen is really nice, too. I'm going shopping this weekend for a table and chairs for the kitchen and a sofa for the living room.

I love my new job, too. The people in my office are really friendly, and I get an hour for lunch. I usually go to the office restaurant and get a salad. I don't drink coffee anymore. I leave work on time and go home at 5:00 p.m. I don't work late like I did in New York. I'm never tired because I get a lot of exercise. I usually go for a walk every day after work.

In the evenings, I usually read a book or watch TV. My favorite show is Stay Healthy. Do you know it? It's about a real group of friends who are trying to be healthy. It's really interesting, and I'm learning a lot about how to stay healthy.

How about you? What are you doing these days?

Love,

Jessica
