shoot baskets

# The great climbers

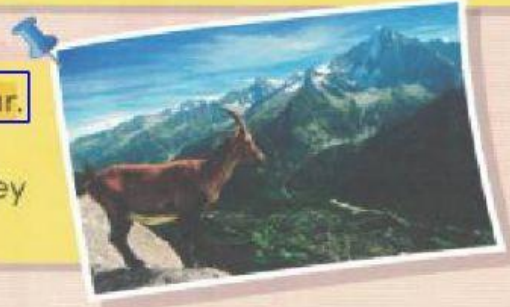

Mountain goats are very cool animals! They are great climbers. They can climb very **1** far / high.

These goats live in mountains. The mountains keep them safe. Big cats, like tigers, **2** can / can't catch them. Mountain goats have good feet. They have pads and claws on their feet. This helps them move around on the rocks.

Mountain goats can walk very **3** fast / far. They sometimes come down from mountains. They are looking for food. They eat leaves and grass.

Mountain goats are also very strong animals. They are good at **4** fighting / fight. They can run **5** fast / hard and hit each other with their horns.

Mountain goats are interesting animals. They are good at living high up on mountains. It looks dangerous up there, but they are safe from their enemies.

## Read and check (Đọc và chọn Đúng hay Sai)

1. Mountain goats are good at climbing.

☐☐
