Do you know what skills you are good at?

If you know what you are good at, it can help you decide what you would like to do in the future. For example, if you are good at using the language to communicate with other people you could be a good actor, actress, news reporter, spokesperson, tour-guide and so on. You can be good at language skills if you always practice using it a lot. Any skills can be improved by continuously practicing by doing it again and again by yourself. So let's think about what skills you want to be good at and take action from now on!
