

# BODIES OF WATER

## RIVER

The largest bodies of salt water.

## SEA

Artificial lake filled by rivers, used to supply water or get energy.

## WATER POND

They are enclosed bodies of fresh water.

## OCEAN

Artificial little lake used to provide water for agriculture, livestock and communities. It is sometimes used for recreation.

## RESERVOIR

Large bodies of salt water, similar to oceans but smaller.

## LAKE

It is water that flows over the ground, usually towards a body of water, such as an ocean, a sea or a lake.
