Protection against cybersecurity issues

Activity 1

Part A:

It's important to make sure your password is strong.

A strong password has:

- ⊙ At least 6 characters
- ⊙ Letters
- ⊙ Numbers
- ⊙ At least 1 capital letter
- ⊙ Symbols - @, _, #, $, %, -, / etc

Take a look at the passwords below.

Which ones are strong and which ones are weak?

Passwords	Strong	Weak
Cats%run8912		
Pretty20		
Flowers		
pink-Rabit75		
spiderman		

Part B:

Create your own strong password: ....
