

Bacteria and food

1 CD 2
33

Listen, read and number the photos.

Bacteria are not animals, but they *are* living things. You can't see them because they are very, very small. There are lots of different bacteria. They have strange names! Here are some bacteria.

Listeria monocytogenes

E. coli

Bacillus cereus

Shigella

2 CD 2
34

Listen, read and draw lines.
