Example: My Next Summer Holidays 109 words

Next summer, I want to visit my cousin Pierre at his home in New Brunswick. He lives in a small town with his mom, dad and sister. My parents say we can go there by plane. It will be my first time travelling by airplane. I'm so impatient.

Pierre's mom and dad have a big house near the beach. Pierre says we can make castles with the sand or play volleyball. There is also a hockey arena in the city. Pierre says we will go to see play his favourite team, the Sea Dogs. I can't wait.

I think we will have a great time!
